# THE IMPORTANCE OF LIGHTING FIXTURES FOR THE HOME

• LIGHTING FIXTURES are an essential feature of the modern home. They bring good lighting into the home by being placed on the ceiling where they are most effective for use and appearance.

• There is no item of more importance or as low in unit cost. LIGHTING FIXTURES make it possible to enjoy our home in comfort and convenience. In fact, without them our home would be utterly useless to us for the greater part of the day.

• In addition to giving us the comfort and convenience of seeing after sundown, lighting fixtures help greatly in the decorative scheme of the home. They bring out the beauty of color . . . enhance and accent the charm of the furnishings. There is nothing more comforting than the welcoming appearance of a well-lighted home.

• Low in initial cost, Lighting Fixtures require little attention, and are ready and willing servants. At the simple touch of a switch, they transform the home to cheeriness and charm.

• ARTALIER lighting fixtures are made for every lighting need in the home. They are styled in the best tradition . . . simple in artistic design, impressive in rhythmic proportions and charming in well selected finishes . . . low in cost, and effective in lighting.

• Designed and manufactured by The ARTALIER Co., Cleveland, O.
